

LMC PROJECT CASE STUDY

Supporting GPs by developing LMCs and their efficacy

www.gpdf.org.uk

THE PROJECT

GP Partnership Competency Self-Assessment

PROBLEM

Partnership collapses occurring over the last few years, along with unsuccessful management practices.

SOLUTION

The development of a partnership competency framework to help individual partners and partnerships think about how they run their practices as a business.

The framework has eight competency areas:

- 1) Strategy and Leadership
- 2) External Leadership
- 3) Clinical Governance
- 4) Organisational Governance
- 5) People Management
- 6) Financial Management
- 7) Operational Management
- 8) Building Management

SMART TARGETS

Specific

To automate our current manual partnership tool so we can scale up its use.

Measurable

Reduction of the time taken to produce a partnership report from 90 minutes (current) to 10 minutes (target time)

Achievable

Reduction of the time taken to produce a partnership report from 90 minutes (current) to 10 minutes (target time)

Relevant

This tool can help partnerships better manage their businesses, which is highly relevant given the financial pressures on general practice.

Time-Bound

Start date 1st April 2024 to 30th August 2024

AT A GLANCE

THE PROJECT

- Addresses issues of widespread importance that can be transferrable across LMCs.
- Engages multiple groups
- Can be replicated
- Fosters partnerships
- Works over and above “normal business” of LMCs.
